RE: Usage of Mankiewicz Blade Paint
Dt: Feb 03, 2017

Dear Grant Robinson,

Regarding the Mankiewicz blade paint request:

Sikorsky engineering has reviewed Thai Aviation's Services request, and is approving the usage of the Mankiewicz paint on the S-76D aircraft blades. The paint will not affect the aircraft's form, fit, function, or performance. Sikorsky engineering approves TAS to perform touch up paint repairs on P/N 76150-09300-series and 76101-06001-series S-76D main and tail rotor blades using the Mankiewicz paint.

If you have further questions please contact the Technical Product Support Team.

Respectfully yours,
Sikorsky Aircraft Corporation
