**Subject:** S-92 Tail Position Light Interchangeability

Daryl;

Regarding your request for interchangeability information of the P/N OX33492/05 and P/N OX44206-01 tail position lights the following is provided.

Tail position light P/N OX33492/05 is part of the 92553-06601-015 Tail Position Light installation.

Tail position light P/N OX44206-01 is part of the 92553-06601-016 Tail Position Light installation.

The -016 installation replaced the -015 installation in production starting with A/C S/N 920264. The only difference between the -015 and -016 installations is the light assemblies themselves – P/N OX33492/05 for the -015 and OX44206-01 for the -016, and respective attaching hardware.

The -015 and -016 installations both roll up to the same next higher assembly: 92000-00550-045 – Light Installation, Tail Position Vertical Pylon. The effectivity of 92000-00550-045 is A/C S/N 920006 and subsequent.

Stated another way, the 92000-00550-045 tail position vertical pylon light installation can be made up of either the -015 or -016 tail position light installation. Therefore, the OX33492/05 and OX44206-01 light assemblies are regarded as two-way interchangeable for A/C S/N 920006 and subsequent.
