In response to your question regarding DTCU P/N interchangeability the following is provided.

DTCU P/N C159440-1-003, Software version 1.2, is the latest DTCU installed on production aircraft on DTCU Pallet assembly P/N 92309-04851-128.

DTCU P/N 149366-2-006 is a DTCU that has been upgraded to software version PSS.069.1.3.2 per CSN92-086.

Software versions 3.2 and 1.2 are functionally the same. The difference in the software version is due to the physically different processors.

The C159440-1-003 (software version 1.2) can be replaced with the C149366-2-006 (software version 3.2).
