**Subject:** S76D Flight Manual Applicability.

Khun Torsak,

I asked Sikorsky if there is a control document for the S76D flight manuals. The answer is no and confirmation is below.

Customer: Thai Aviation Services Limited  
Aircraft Serial Number: 761059  
Aircraft Model: S-76D  
Case Number: C0039994  
Title: S-76D Flight Manual Control Document

### Issue Description:

TAS are presently working with the Civil Airworthiness Authority of Thailand (CAAT) to place the first S-76D, S/N 761059, on the Thai register.

The CAAT note that the S-92A has multiple RFM versions, SA S92A-RFM-001 through -006, and that Flight Manual Control Document SA S92A-FMCD-000 was issued by Sikorsky to specify which RFM version pertained to each A/C S/N at the time of delivery.

They have requested to review the FMCD for the S-76D.

TAS request that SA confirm that there is no FMCD for the S-76D, and that none is necessary because there is only a single RFM – SA S76D-RFM-000 - and that RFM is the only one used by all delivered S-76D model aircraft. EoM

### Resolution:

The customer is correct, there is no FMCD for the S-76D. **There is only a single RFM, SA S76D-RFM-000, used for all delivered S-76D model aircraft.**

Best Regards,
