Subject: S-92 Nose Float Cover Bungee Local Manufacture

Grant;

Following is the CSE response to my FTR requesting local manufacture of the S-92 nose float cover bungee.

Case Number: C0051826
Customer: Thai Aviation Services Limited
Aircraft S/N: 920146
Aircraft Model: S-92A
ATA: 32
Part Number: FT26388
Case Subject: Nose Float Cover Bungee Cord-Request For Local Manufacture

Problem Description:

During scheduled maintenance nose float replacement on A/C S/N 920146, TAS discovered heavily deteriorated nose float cover bungees P/N FT26338.

SCI is currently quoting a 70 day lead time for this P/N.

TAS is concerned that their installed bungees will not last 70 days.

TAS request an SA no objection for a one-time local fabrication of a shipset of P/N FT26338 bungees for A/C S/N 920146.
EoM

Problem Resolution:

Vendor has denied to complete Supplier/Customer (non-SAC party) Jurisdiction/Classification Request & Certification SA 1445 form that allows Sikorsky to distribute vendor drawing FT26338.

GKN has confirmed that they currently have quantity (7) P/N FT26338 nose float cover bungees ready to ship. Also, SCI parts has confirmed there is also (4) pcs currently in stock as well. This would fulfill customer's need of quantity (4) bungees.
