Case Number: C0073496
Customer: Thai Aviation Services Limited
Aircraft S/N: 761XXX
Aircraft Model: S-76D
ATA: 21
Part Number: 76-0102-5
Case Subject: P/N 76-0102-5 In Lieu Of P/N 76-0551-1

Problem Description:

A/C S/N 761063 is currently AOG for a seized air conditioning compressor.

Compressors are not available from SCI. TAS ordered a PN 76-0551-1 air conditioner pallet as the next higher assembly.

SCI advise they do not have P/N 76-0551-1 available.

They offered Kit P/N 76-0102-5 in lieu of 76-0551-1.

TAS and this office are unable to identify 76-0102-5 using available documentation.

This is to request confirmation on an AOG basis that Kit P/N 76-0102-5 offered by SCI is an acceptable substitute for air conditioner pallet assembly P/N 76-0551-1. EoM

This email notification is provided as the case has been reviewed and does not contain technical data in the issue description.

Problem Resolution:

Per MatrixOne, Air Conditioning Kit P/N 76-0102-5 is a SGH Completion kit containing the following:

Evaporator Sub-Kit P/N 76-0200-5
Comp-Cond Sub Kit P/N 76-0550-2
Air Cond Pallet P/N 76-0551-1
Filter/Relay Assy P/N 76-0558-1
Plumbing Kit P/N 76-0800-1

This email notification is provided as the case has been reviewed and does not contain technical data in the resolution.
