**Cc:** Nakhon Supervisor Engineer; Grant Robinson  
**Subject:** HVD/HVE HUMS ground station error codes

**Importance:** High

Khun Ying and Colin;

Following is the response from the HUMS group regarding the most recent error messages seen when trying to import data to the shared HUMS ground station for HVD/HVE.

Case Number: C0053367  
Customer: Thai Aviation Services Limited  
Aircraft S/N: 761060/761063  
Aircraft Model: S-76D  
ATA: 31  
Part Number: 76600-73002-011  
Case Subject: HUMS Ground Station Database Fail

### Problem Resolution:

SQL Server Express edition has a limit of 10GB of database storage. It looks like the user is bumping into this limit. Recommend purging some older data regularly to avoid this issue, or upgrade to SQL Server Standard edition.

You can verify this is the issue by browsing to:

**C:\Program Files\Microsoft SQL Server\MSSQL12.SGBA\MSSQL\DATA** and looking at the size of the MDF files.

Your path might be slightly different based on the instance name and version of SQL Server installed.
