Subject: RE: Evaporator Mount Stripped Anchor Nut

Grant

I will give Phil this background so that he can proceed accordingly. I didn't realize the S92 and D shared the same P/N.

Following is the body of an email I sent to Dave Donaldson 18 APR 2016 advising Dave of the P/N's for the compressor and evaporator pallet capped anchor nuts. This might be a good one for your in-house database.

Dave

Dave;

The compressor pallet nutplates are P/N NAS1474A4. The rivet is P/N MS20426AD3.

For future reference the evaporator nutplates are P/N NAS1474A3. Rivet P/Ns are the same.

Dave

Subject: EXTERNAL: sealed anchor nutplate for compressor pallet.

Hi Dave.

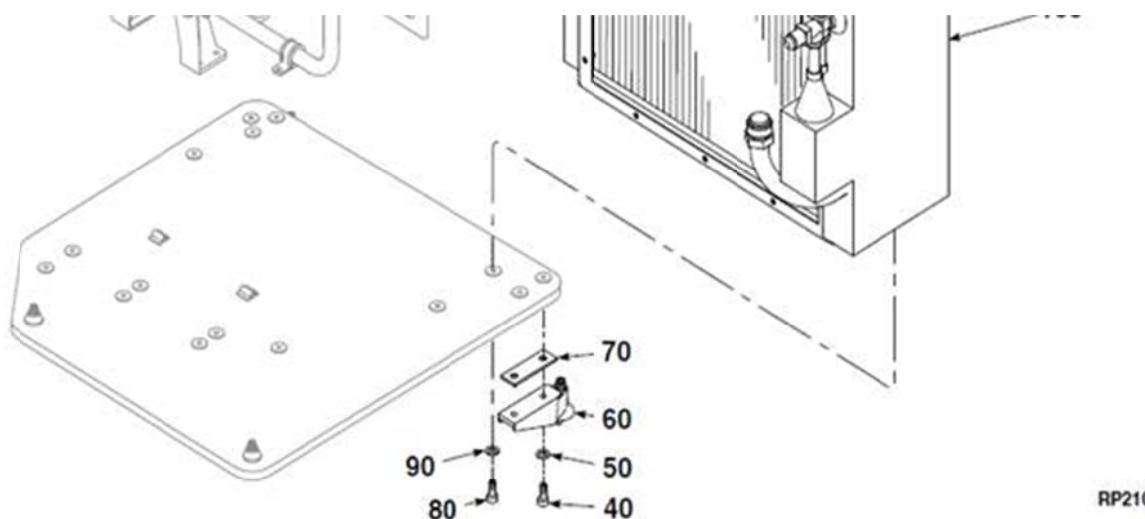

We are looking for a P/N for the sealed anchor nuts (qty. 4) that are riveted to the airframe for bolting the A/C compressor pallet to.

Can you help us out?

Ref. AMM 21-54-02, figure 401, sheet 3... Bolt (# 170) goes in to the subject anchor nut.

Thanks,

Dave.
